Conditions of Sale

All sheep are sold under the Conditions of Sale as displayed in the Market recommended by the Livestock Auctioneers' Association for England and Wales

The following is an extraction taken from the above:- PART VIII – SHEEP

Female Sheep Not Described as In-Lamb

76 A female sheep, which is not described in the catalogue or at the time of sale as in-lamb is warranted as not being in-lamb.

77 If within 14 weeks after the day of sale a female sheep warranted as aforesaid proves to be in-lamb, and within 14 weeks and 5 days after the day of sale, the purchaser gives to the auctioneer written notice supported by a certificate signed by a slaughterhouse manager or a veterinary surgeon or other competent person, that such female sheep has proved to be in-lamb then, if the sheep lambs at a date which proves it to have been in-lamb at the date of the sale, either the purchaser may return the sheep and her lamb, if any, to the vendor or, at the sole option of the purchaser, the vendor shall pay to the purchaser as and for

ascertained and agreed liquidated damages, to cover all expenses, depreciation in value and other damages whatsoever, a sum equal to 25 per cent of the purchase price of the sheep.

Female Sheep Described as Correct

- 78 All female sheep described in the catalogue or at the time of sale as correct are warranted to be sound in mouth and udder.
- 79 If any such sheep is proved to be unsound in mouth and udder, that is to say is lacking any of the 8 broad teeth or has damaged or worn teeth or defective udder, and notice of such unsoundness is given by the auctioneers in writing within 5 clear days after the day of sale, supported by a certificate signed by a veterinary surgeon, then either the purchaser may return the sheep to the vendor, or, at the sole option of the purchaser, the vendor shall pay to the purchaser as and for ascertained and agreed liquidated damages, to cover all expenses, depreciation in value and other damages whatsoever, compensation at the rates set out in Appendix 1 (i) to these conditions.

Female Sheep Proving Barren

- 80 If any female sheep, which was not described in the catalogue or at the time of sale as being in-lamb, proves not to have been in-lamb at the time of sale and within 21 days after the day of sale the purchaser gives written notice to the auctioneers of his intention to return the animal, supported by a veterinary surgeon's certificate that such sheep has proved not to have been in-lamb, then the purchaser may return such sheep to the vendor.

Fertility Guarantee – Beltex Sheep

[A] RAMS AND RAM LAMBS

- (i) All rams and ram lambs are warranted by the seller capable of natural and effective service WITHIN 4 CALENDER MONTHS from the date of the sale (subject to Conditions [B] (i) and (ii)). If at the expiry of this period (the Male Guarantee Period) the ram or ram lamb has failed to prove himself capable of natural and effective service and a veterinary surgeon's certificate that a semen test has been carried out by the artificial vagina method is lodged within the Male Guarantee Period with the auctioneers specifying that ram or ram lamb is so incapable and further that the veterinary surgeon has inspected the buyer's breeding ewes and found them to be in normal breeding condition and not responsible for the aforementioned incapacity then the buyer may return the animal to the seller.
- (ii) The animal shall be deemed incapable of natural and effective service if it fails to make at least one ewe pregnant during the Male Guarantee Period under natural breeding condition and is so certified as being incapable by veterinary surgeon's certificate aforementioned.
- (iii) The buyer shall throughout the Male Guarantee Period give the animal full and sufficient opportunity to prove that he is capable of natural and effective service.
- (iv) The seller will be entitled to take the animal back during the last two months of the Guarantee Period in order to test the animal during that period.
- (v) The Guarantee Period may be extended by the buyer with the consent of the seller where there is reasonable veterinary opinion that the animal may be capable of proving itself capable of getting stock in the second service season. In such case any claim hereunder will be deferred until the expiry of sixteen

months from date of sale or four months from commencement of the second service season, whichever be the earlier.

[B] IT IS HEREBY AGREED THAT

- (i) Incapacity due to injury from whatever cause, illness suffered or contracted after the date of sale is not covered by the Guarantee.
- (ii) Death within the respective Guarantee Period voids any liability under this Guarantee unless such infertility has been proven.
- (iii) In cases where the seller insures his liability under the Fertility Guarantee, the insurer shall assume the rights and remedies of the seller under the Guarantee and Procedure Rules.

EXCEPT THAT

Infertility owing to or associated with small or soft testicles will only be accepted as an insurance responsibility where the seller is in possession of a veterinary surgeon's certificate certifying the normality for age of the animal's testicle size and consistency at time of sale.

[C] CLAIMS

- (i) All claims for breach of warranty must be made in writing not later than two months from the expiry of the respective Guarantee Period stated above and be forwarded to the auctioneers with a veterinary surgeon's report containing the information required in Condition [A] (i) above if appropriate.
- (ii) All animals not conforming to the Guarantee shall be returnable to the seller who shall refund the purchase price, pay the cost of transport to and from the buyer's premises and veterinary fees, but is not liable for any other loss sustained by the buyer.
- (iii) Any dispute as to any matter for the settlement of which no provision was made in these Rules shall be referred to an arbitrator to be appointed by mutual agreement of the parties concerned, failing which, by the auctioneers, and the decision of the arbitrator so appointed shall be final and binding on all parties to the dispute. Any arbitration under these clauses shall be subjected to the Arbitration Act for the time being in force and in the event of the sale taking place in Scotland otherwise subject to the Arbitration Act 1957 as amended.

Beltex Sheep Special Sale Rules

- 1 All pedigree sheep to be sold in guineas.
- 2 Commission will be deducted at the rate of 5p in the guinea on all pedigree sheep sold.
- 3 Any animals in the sale premises which are sold by private treaty after the auction are subject to the full commission on the price realised and all such transactions must be passed through the auctioneers.
- 4 Scrapie Genotyping is voluntary. Genotype information displayed in the sale catalogue must be supported by valid genotype certificate. Scrapie genotypes are to be identified with spray marks on the shoulder as follows: Group 1 **Red**; Group 2 **Blue**; Group 3 **Yellow**. Vendors are responsible for ensuring the correct marks are applied to each sheep.

- 5 Sheep will only be accepted into the market and penned for sale if they are accompanied by a SAC Certificate of Official MV Status which has been correctly completed. This Certificate must be handed in when the animal/s arrive at the market.
Please note – A Ministry of Agriculture representative will be on duty to collect and inspect all Maedi Visna Certificates.
- 6 No sheep to be presented while suffering from any contagious disease.
- 7 All sheep must be tagged to comply with DEFRA and Beltex Sheep Society Rules. The vendor shall be responsible for the correctness of identity. Any tags which are tampered with, hand written, bear marks, are faulty or illegible will be rejected from the sale. Buyers shall have one hour following the end of the sale to lodge any faults or misrepresentation to the auctioneers.
- 8 The purchaser must satisfy himself as to the soundness and correctness of his purchase within one hour of the conclusion of the sale.
- 9 Inspection will take place at 8.00am.
Judging 10.00am – Sale 12.30pm.
- 10 Each vendor is allowed two entries in each show class.
- 11 All exhibitors should be dressed in a white coat at all times in the show and sale rings.
- 12 It is the responsibility of the exhibitor to ensure that each exhibit is available for judging at the correct time. Exhibitors not forward at judging time will not be judged.
- 13 All prize-winners must be offered for sale at auction by the exhibitor at the sale following the show. All awards may be and all prize monies will be withheld unless prize-winners are bona fide sold by auction.
- 14 The decision of the judge is final in matters of judging.
- 15 The vendors are responsible for taking their sheep to the sale ring and returning them to the pens after being offered for sale.
- 16 Errors and Omissions. The auctioneers CAN ACCEPT NO responsibility for any errors or omissions printed in this catalogue.
- 17 Substitute entries will be accepted at this sale, but all information must be with the auctioneers 24 hours prior to the sale day. All substitutes to be marked with a red dot on the rump.

INSPECTIONS

- 1 All sheep entered for show/sale must be inspected by a panel of inspectors appointed by the Society.
- 2 Any sheep which does not reach the inspection standard will not be eligible for show or sale and must be removed directly away from the market premises, or in special circumstances to new pens allocated with the agreement of the Society and the auctioneers.
- 3 The inclusion of any animal in the Show and/or Sale following any inspection is not warranty that that particular animal meets any criteria or criterion in respects of any standards or will do so in the future.
- 4 Inspection will include the following points:
Teeth and Testicles; Feet; Udders; Muscularity; and any other points deemed necessary by the Society.

GUIDELINES

TEETH - To be scored on a 1 to 5 scale where 1 is extremely undershot and 5 is extremely overshot, with 3 being perfect. A score of 2 or 4 is acceptable and with effect from 2010, the tolerance at the extremes will be tightened by ½ a score on each end, in effect, mouths will need to be more correct.

LEGS - Sheep should be mobile with correct and sound joints and considered capable of natural service.

FLEECE - Sheep should be tight but a medium fleece can be considered acceptable.

DOUBLE MUSCLING - Sheep are to display double muscling characteristics.
